**As temperatures drop, the charm of Golden Hill reaches a new high. Long hours of sunshine are exchanged for snowshoe tours through the mystical vineyards and some time to curl up on the sofa. A truly magical time in paradise begins...**

## **Cold days – *warm fuzzy* Golden-Hill-feelings**

The mysticism of the cooler half of the year in the Mediterranean's southern Styria paired with an untouched feel-good atmosphere. Exclusive experience architecture in harmony with natural aesthetics. The perfect fusion of conspiratorial luxury and fully thought-out sustainability. This is what awaits guests of Barbara and Andreas Reinisch in their specially created little paradise called Golden Hill. Far removed from Alpine chic and the usual chalet norms, this elegant ensemble has won many awards. Just again this year from Falstaff and Gault&Millau Austria. This centuries-old, contemporary renovated country house, four exclusive country chalets, an extravagant premium chalet and a unique panorama loft sparkles into the winter days. The perfect place to relax? Yes, but also for so much more.

After all, whatever it takes to give you that warm and fuzzy feeling, even on cold days, during a carefree holiday where you can spend quality time together in the utmost privacy. You're sure to find what you're looking for in this small, fine selection of this Garden of Eden. Each individual chalet is a real hidden gem and a wellness oasis in its own right, with exquisite details and an interior that is hard to beat in terms of exclusivity. Since May 2021, two new additions, Arctic Fox and Steppe Fox, complete the oasis with their special architecture. An absolute wellness highlight: each chalet has its own private SPA. This is also the case with the unique 300 m<sup>2</sup> loft, which impresses on top of everything, with its 12-metre stainless steel swimming pool, and the Steppenfuchs chalet with a 10-metre infinity pool that is heated all year round. More than half of the electricity for the resort is

generated by the resort itself. This not only creates a sense of relaxation, but also a clear conscience.

### **Arrive, be at ease, feel the magic**

Get a taste of pure luxury by enjoying the magnificent countryside on a long winter walk and some cross-country skiing, or relax and enjoy the day by the crackling fire. From the much-praised gourmet breakfast, when and how you want it, to the private candlelight dinner or the joint winter barbecue in the garden, you really don't have to worry about a thing here. Happiness, without the want of anything more, is a feeling you will want to experience again and again.
